# Flip Mouthbrush

It's not just about brushing teeth anymore...

■ **Archtek** reinvents the concept of brushing. The **Flip Mouthbrush** combines bristles and soft rubber nubs to clean teeth, tongue, palate, and oral mucosa, providing more complete oral care. The nubs stimulate soft tissues by providing a gentle massage.

■ The soft rubber nubs on the **Archtek Flip Mouthbrush** are also excellent for tongue debridement.

■ Not only does the **Flip Mouthbrush** suppress the gag reflex, it also provides cheek retraction allowing for access to the distal surfaces of back molars.

■ **Travel Pack** | Includes one **Flip Mouthbrush**, three **Archtek Toothpaste Tablets™**, and one brush cover, all in a convenient re-sealable travel pouch.

■ Your mouth has never experienced anything like it... **Archtek Flip Mouthbrush.**
