MATERIAL SAFETY DATA SHEET

CONDENSED MILK FLAVOUR

Revised Date: October 2010

1. Identification of the substance/preparation and company

Product name: CONDENSED MILK FLAVOUR
Company name: Happy Olive
Company address: Unit 12 Ray Street Enterprise Centre
                Great Northern Street
                Huddersfield
                HD1 6BL
Emergency phone: 01484 310774

2. Hazards identification

Concentrated product. Observe good housekeeping procedures.
3. Composition/information on ingredients
----------------------------------------
Chemical: Blend of permitted natural & nature identical ingredients in propylene glycol.
CAS number: Not applicable, product is a mixture.
EINECS number: Not applicable, product is a mixture.

4. First-aid measures
---------------------
Inhalation: Upon excessive inhalation, remove from exposure site to fresh air, keep at rest, and obtain medical attention.
Eye exposure: Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.
Skin exposure: Remove contaminated clothes. Wash thoroughly with soap and water. Contact physician if irritation persists.
Ingestion: Rinse mouth with water and obtain medical attention immediately.
Others: Take Risk and Safety phrases (section 15) into consideration.

5. Fire-fighting measures
------------------------
Extinguishing media: Carbon dioxide, dry chemical, foam.
Do not use a direct water-jet on burning material.

6. Accidental release measures
-----------------------------
Personal Precautions: Avoid excessive inhalation and contact with skin and eyes.
Spillage: A self-contained breathing apparatus is recommended in case of a major spill.
Remove ignition sources. Provide adequate ventilation.
Avoid excessive inhalation of vapours. Gross spillage should be contained immediately by use of sand or inert powder and disposed of according to local regulations.

Environmental Precautions: Keep away from drains, surface and ground water, and soil.

7. Handling and storage
----------------------
Handling: Apply according to good manufacturing and industrial hygiene practices with proper ventilation. Do not drink, eat or smoke while handling. Respect good personal hygiene.
Storage: Store in a cool, dry and ventilated area away from heat sources and protected from light in tightly closed original containers. Avoid uncoated metal containers. Keep air contact to a minimum.
Fire Protection: Keep away from ignition sources and naked flame.
8. Exposure controls/personal protection

Respiratory: Avoid excessive inhalation of concentrated vapours.
Eye protection: Wear safety glasses.
Skin protection: Avoid skin contact. Use chemically resistant gloves as needed.

9. Physical and chemical properties

Colour: clear colourless
Appearance: Clear, mobile liquid
Odour: Characteristic
Flash point: >61°C
Oxidising property: None expected

10. Stability and reactivity

Reactivity: Presents no significant reactivity hazard, by itself or in contact with water. Avoid contact with strong acids, alkali or oxidising agents.
Decomposition: Carbon monoxide and unidentified organic compounds may be formed during combustion.

11. Toxicological information

Based on the ingredients in this composition and their concentrations, this product is according to the conventional method of EEC directive 88/379/EEC classified as:
Safe when used as directed.

12. Ecological information

General: This material is unlikely to accumulate in the environment and environmental problems under normal use conditions are unexpected.
13. Disposal considerations
----------------------------------------
Dispose of according to local regulations.
Avoid disposing into drainage systems and into the environment.

14. Transport information
----------------------------

Classification Packaging / Labelling (Directive 88/379/EC)

16. Other information
---------------------
Conc % Limits (*):

(*): These are the maximum percent concentrations that this material can be used in a non-hazardous product without the indicated risk being applicable to that product.

Shelf Life of the product is 36 months.

The information in this leaflet is to the best of our knowledge true and accurate but all data, instructions, recommendations and/or suggestions are made without guarantee.

In addition to the concentration limits applicable to the Dangerous Substance and Dangerous Preparations Directives any IFRA limits provided are general skin and non skin product concentrations. For limits against specific product categories please contact Happy Olive.
